The President of the Trustees is not assigned to a particular committee, but is free to meet with any one or all of them depending on the issues or perceived needs. We attempt to organize the subcommittees by clergy/elder representation and geographical areas. Committees meet before the Board meeting, by phone/email, or in some other fashion to process the items referred to their subcommittee. Each item for Board action comes with an appropriate recommendation. The Board of Trustees meeting consists primarily of subcommittee reports and action on those reports. The Chair of the Board, Subcommittee Chairs and General Presbyter would serve as facilitators to direct items to the subcommittees.
